MINUTES OF THE CITY COUNCIL

CITY OF AUSTIN, TEXAS

Regular Meeting

September 20, 1951 10:00 A.M.

Council Chamber, City Hall

The meeting was called to order with Mayor Drake presiding.

Roll Call:

Present: Councilmen Johnson, Long, MacCorkle, White, Mayor Drake Absent: None

Present also: B. H. Cruce, Assistant City Manager; W. T. Williams, Jr., City Attorney; C. G. Levander, Director of Public Works.

Councilman White moved that the minutes of the previous meeting be approved. The motion, seconded by Councilman Johnson, carried by thefollowing vote:

Ayes: Councilmen Johnson, Long, MacCorkle, White, Mayor Drake Noes: None

DR. C. D. PEAVY. Chairman of the Executive Committee, Travis County Club, presented a resolution adopted by the Club asking that annexation program be delayed. Dr. Peavy stated there were some questions that had been asked that had never been answered, and he would like to hear from the members of the Council. Councilman Long made inquiries of the Director of Public Works and the Water Superintendent or a number of questions. It was concluded that during the next year, work on the streets and bridges in the area designated as Area 6 would be started, as well as treating the streets with the asphalt mixture; that practically the same service could be expected as had been done by the County in its grading of the streets; that garbage service could be expected; that it will be sometime before sewage facilities would be made available. Mr. Levander explained the system out on the Bergstrom Field sewage line, and how short lines would be made available from an 8" line running parallel to this big line. The Water Superintendent, speaking of the plans in Area 6, stated plans were being made for another 6" line across the I&GN tracks to give two feeders to that section, and this should be connected by the first of next year. On Councilman White's inquiry, Mr. Davis explained the system now exist ing in Kinney Avenue, and that getting the water to these locations was one thing and increasing the water pressure was another; and the work planned would benefit the areas, but would not entirely solve the situation. Councilman White inquired about the mains down the San Antonio Highway, particularly the 2" line from the

school to Boggy Creek. Mr. Davis said those lines would have to have support. As to when the water would supply adequate fire protection, Mr. Davis explained that matter would follow the growth of an area. MR. DAVIS explained the ownership of the water line to the Magnesium Plant to Mr. A. L. Zinser. Mr. Davis on inquiry of Councilman Long stated it would be recommended to take over Water District No. 3, i Area No. 5. The tax valuations were discussed, and the City Attorney stated generally the value placed by the City on property for school purposes wald be in line with other valuations in the City for all purposes. Councilman Long asked if these auction companies were brought into the City limits would they be regulated out after four years and would they come in under a nonconforming use. The City Attorney stated it would have to be determined if this were an out-of-door business. MR. WEBB RUFF, owner of the University Airport, stated timing was vital in this annexation; if he were taken in and had to pay city taxes, he would be unable to develop his property, and it would become worthless property; but developed, it would pay off ten to one in taxes. Councilman Long answered questions pertaining to the school children, in that a child would continue to the same school by the same bus through this school year. MR. JOE CROW stated an area should be annexed when density of population warranted such; when it was economically sound to have natural gas; where sufficient density of homes justified garbage pick up, sewer services, etc. mentioned zoning having prevented an industry from coming to Austin, and cautioned against extending the limits too far. MR. A. L. ZINSER stated lots of people were aroused and alarmed over this annexation. Dr. Peavy introduced the Executive Committee of the Travis County Club.

MR. ALBERT S. GLASER, 1512 Canterbury, came before the Council, stating he had received notice from the Sanitation Department to move his chickens and goat, as he was within 50' from another house. He stated this house had been moved on the rear of the adjoining lot, less than 50' from his chicken house. The matter was referred to the City Attorney.

MR. E. D. LOREY appeared in the interest of the pending fire extinguisher ordinance, recommending that the committee appointed to study this ordinance be instructed to study all ordinances where there is any inclusion of fire protection and fire extinguishers, to avoid overlapping. The Mayor stated the Committee would study the whole problem.

No action was taken on the maing application of S. C. McINTOSH & H.M. WEBB for change of moning of the property in the 1400 Block of Anderson from "A" Resinential to "D" Industrial. It was announced this application would be considered the following week.

No action was taken on the request to grant a franchise for the placing of benches at bus stops, made by Herman Jones. Attorney for P.W.Curry. The City Attorney was asked to prepare a brief of the past requests and actions of the Council pertaining to this matter and to send copies to the members of the Council. It was announced that the matter would be left on the Council's agenda until the brief is received and studied.

Councilman Long offered the following resolution and moved its adoption: (RESOLUTION)

WHEREAS, there is a certain street in the City of Austin, known as North Guadalupe Street, which street is shown upon a map or plat of The Fruth Addition of record in Book 2, page 157, of the Plat Records of Travis County, Texas; and

WHEREAS, the aforementioned street is a continuation of Hemphill Park as shown upon the map or plat of Aldridge Phace of record in Book 2, page 231 of the Plat Records of Travis County, Texas; and

WHEREAS, the abutting property owners on that portion of North Guadalupe Street lying north of West 30th Street have petitioned the City Council of the City of Austin to change the name of North Guadalupe Street as described above to Hemphill Park; and

WHEREAS, the City Council of the City of Austin has considered said petition; therefore

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

THAT that portion of North Guadalupe Street lying north of West 30th Street as described above be known and designated as Hemphill Park.

The motion, seconded by Councilman Johnson, carried by the following vote: Ayes: Councilmen Johnson, Long, MacCorkle, White, Mayor Drake Noes: None

The following recommendation from the Austin Public Library Commission was received and read:

"September 14, 1951

"To the Honorable Mayor and Members of the City Council:

"You requested that the Austin Public Library Commission submit advice and suggestions as to the use of the Main Library by Negroes. The Commission has made a thorough study of the problem and submits the following:

- "(1) Since the Carver Branch was opened in 1933, the policy has been that when a Negro borrower requests a book which is in the Main Library but not in the Carver Branch, said book is sent immediately to the Carver Branch. This applies whether the request is made at the Main Library or through the Librarian at the Carver Branch. Thus all books in the Main Library are easily available to the patrons of the Carver Branch where the reading room and other facilities are on a par with those at the Main Library.
- "(2) The Library Commission recommends that no change be made in the existing policy and that the Main Library continue to be used exclusively by white persons and the Carver Branch only by Negroes.
- *(3) If the Council should be of the opinion that a different policy should be adopted, it is suggested that before making any change in the present policy, consideration should be given to the provisions of Art. 1688, Revised Civil Statutes of Texas, 1925. This statute provides in effect that counties operating libraries shall maintain separate branches for whites and Negroes. Since Travis County contributes \$8,000.00 annually to the support of the Austin Public Library, the Council doubtless would want to be sure that a change in the present policy would not result in a whitdrawal of the county's contribution towards the upkeep of the Library.

"Respectfully submitted Mr. Charles Stephenson Chairman, The Austin Public Library Commission."

MR. W. A. KIRK presented a statement regarding the policy governing the use of the Library, and made a full oral presentation in support of the Negroes' using the Library. (The statement and transcript of the presentation is on file in the City Clerk's Office under "LIBRARY", and marked for identification.) MR.

ELSWORTH LOWRY, professor at Tillotson College, spoke for W. A. Kirk's proposal. L. G. JOLLEY, 2939 E. 12th Street, hoped that the Council would consider their request favorably. The Mayor stated the Councilwould study this very carefully and do the best it could in every way; and as soon as some other matters now pending before the Council were settled, this would be considered again.

Councilman Johnson moved that the following application be set for public hearing at 11:00 A.M., October 11, 1951:

T. P. YEATES

Noes: None

5200 North Lamar Blvd. From "A" Residence
To "C" Commercial

The motion, seconded by Councilman White, carried by the following vote:
Aves: Councilmen Johnson, Long, MacCorkle, White, Mayor Drake

Councilman Long stated there were lots of questions unanswered that she would like to have regarding the request of the Gas Company for a rate increase; for instance, how contracts with the Gas Company will affect this increase, as they have entered into a contract with the University, and that is not taken into consideration in this rate increase. She inquired what does the Company do with the citizens! deposit. She stated Calcasieu, Scarbrough, and the big hotels would have to pay \$4.25 per month; and as an ordinary user of gas in her home, she would pay \$3.65 a month more, and that is an inequity. She stated she did not have enough proof that a rate increase was justified, and she had investigated, and found MR. HARRY WILLIAMS, who works in the State Auditor's Office, who might be available to make a study of this for the Council; that Mr. Williams used to work with the Gas Company and is familiar with gas companies' rates. She suggested that Councilmen MacCorkle and Johnson be a committee toinvestigate further, but she would like to see an expert employed. Councilman MacCorkle felt he was not in a position to pass on such technicalities, and he felt the Council should get the best advice possible on such matters. He favored having a rate analyst. The Gas Company had its experts, and he felt the City should be euglly represented. MAYOR DRAKE inquired about the cost of employing an expert, and stated he had had nothing but favorable reaction on this request, and he suggested holding a public hearing to get the reaction of the public. He stated it might not be worth the expenditure of the money to hire an expert. He stated there had been another expert who was in this business, who was available; MR. CHAS. A. BREITUNG. After further discussion it was decided toinvite MR. CHAS. A. BREITUNG, MR. HARRY WILLIAMS, and MR. CLINTON OWSLEY, Houston, to meet with the Council Monday, September 24, 1951, at 3:00 P.M. to discuss this and to outline certain specifications. MR. OWSLEY was suggested by Councilman MacCorkle.

The Council received notice from the City Manager that the following application for change of zoning had been referred to the Zoning Board of Adjustment:

JOSEPHINE VISCARDI by A. H. VISCARDI

407-11 E. 15th

From "B" Residence To "C" Commercial There being no further business, the Council adjourned subject to the call of the Mayor.

APPROVED:

Mayor
